

# ADVANCED COPPER & ALUMINIUM JEWELLERY MAKING

Subject Area  
Student Type  
Study Mode

Art & Design, Fashion  
& Creative Crafts  
Adults  
Part Time

## What is the course about?

This engaging and hands-on course offers you the chance to explore and experiment with jewellery-making using a variety of creative techniques. Building on the skills acquired in the introductory and next steps courses, you will design and create your own unique pieces in copper and aluminium.

Designed for adults aged 19 and over, this advanced course is perfect for those who enjoy developing new skills and wish to specialise in crafting distinctive copper and aluminium jewellery.

## Why should I choose the course?

You should choose this course because it offers a unique opportunity to build on your existing skills and take your jewellery-making to the next level. You will benefit from expert guidance in a supportive, creative environment, allowing you to develop your own original designs using copper and aluminium. Whether you're looking to pursue jewellery making as a hobby or explore further study or a career in the craft, this course provides the perfect platform to grow your confidence and craftsmanship.

## What will I learn?

During the course, you will learn through expert demonstrations and hands-on practice, covering a range of essential techniques, including:

- Creative research and design development
- A refresher on core jewellery-making methods
- In-depth exploration of specialised jewellery techniques
- Enhancement of advanced handcrafting skills
- Working with combined materials such as glass and porcelain to create unique pieces.

## What will the course lead on to?

On completion of this course, you may wish to progress on to one of our many other short courses or pursue study at higher level.
