What is the course about?

This course is aimed at adults who have been unemployed for a long period of time and as a result may be experiencing anxiety or nervousness or adults who may have mild to moderate learning difficulties and/or disabilities. This course is designed to help you develop the skills you need to begin the process in accessing paid employment or voluntary work. If employment is not your main goal it may simply be that belonging to a fun and engaging group is a great way to give you the confidence and social interaction that you need.

Why should I choose the course?

It is a great stepping stone back into employment and/or further education opportunities and give you the tools and the opportunity to develop and demonstrate skills required for employment and your own personal development.

Sessions are relaxed and stress free and has been created to help and assist with confidence, employability skills and to improve social interaction within the community and the workplace. Alongside the employability elements of the course there will be opportunities to engage in relaxing activities that encourage you to try new activities, research new interests and make new friendship groups.

As a group you will undertake trips both in and outside of Warrington to explore and visit new places to participate in new experiences.

What will I learn?

You will undertake an Entry 3 or Level 1 accredited qualification in employment, training and personal development and throughout the programme Maths and English are embedded along with essential IT skills to help support college work, gaining employment and being able to communicate and be part of the digital world. You will learn valuable and practical skills in teamwork, effective communication, skills for the workplace, arts and crafts, exploring occupational sectors, healthy living and aspects of citizenship.

As part of the course, you'll be invited to take part in work experience within a safe and supportive environment, designed to gently introduce you to the world of work. Additional units in catering and customer service will also be taught, providing valuable experience to help enhance your CV.

Warrington students will be transported to Winsford by college mini bus. There are no costs involved.
