Study Mode

Performing &  
Production Arts  
Adults  
Part Time

## What is the course about?

Improvers Ballroom Dancing offers you the perfect opportunity to continue developing your ballroom dancing skills. Ideally, you will have completed our Beginners Ballroom Dancing course, but anyone with a basic understanding of ballroom dance is welcome to enrol. Whether you're looking to improve your technique, gain confidence on the dance floor, or simply enjoy dancing at a higher level, this part-time adult course will support you on your journey.

## Why should I choose the course?

Whether you have been inspired by the TV dance show 'Strictly Come Dancing', you want to try something new, or perhaps you want to learn to dance for a special occasion - this is the course for you.

Ballroom dancing isn't just a fun and uplifting way to stay active—it also brings a whole range of social, physical, and mental well-being benefits. Dancing is a great way to:

- Boost your cardiovascular fitness, stamina, and overall endurance
- Strengthen your muscles while improving balance, coordination, and flexibility
- Support your mental well-being, reduce stress, and enjoy a welcome escape from everyday pressures
- Connect with others, meet new people, and build confidence in a friendly and supportive environment

Above all else, ballroom dancing is simply great fun—an enjoyable experience that leaves you smiling long after the music stops.

## What will I learn?

During this next steps course, you will build on the experience gained in the beginners course and we will introduce you to more dances including the quickstep, jive and salsa. Along with the individual steps we will also cover some short dance choreographies at a comfortable pace for all students.

You will be informally assessed by the tutor, and you will also self-assess your weekly progress using an individual learning plan.

## What will the course lead on to?

After completing this course, you can progress onto a more advanced course where you will learn more challenging steps and choreography.
