## What is the course about?

The City & Guilds 2346-04 Experienced Worker Entrance Test is designed for experienced electricians who want to complete the Experienced Worker Assessment route and achieve an industry-recognised qualification.

The test checks your existing knowledge and skills to confirm you are suitable for the Experienced Worker programme.

## Why should I choose the course?

This assessment is an important step towards gaining formal recognition for your existing industry experience and skills. It can help you progress towards achieving the 2346-03 Level 3 electrotechnical experienced worker qualification.

## What will I learn?

The entrance test assesses your existing knowledge in areas including:

- Electrical science and principles
- Installation practices
- Inspection and testing
- Health and safety
- Wiring regulations
- Electrical systems and fault finding.

## What will the course lead on to?

Successful completion of the entrance test can allow you to progress onto the City & Guilds 2346-03 - Level 3 Electrotechnical Experienced Worker qualification - Installation and Maintenance. This can support career progression and professional recognition within the electrical industry.
