

## What is the course about?

This short, 5?week bricklaying course is designed as a practical follow?on for those who have completed our Introduction to Bricklaying course, or for individuals with basic experience who want to further develop their trowel skills and confidence.

## Why should I choose the course?

This short bricklaying course further develops a range of hand-skills and practical brickwork tasks that build on your basic pre-existing skills in order for you to further develop your skills and bricklaying ability.

## What will I learn?

Over the 5 weeks, you will be developing skills and knowledge in the following:

- Learning to lay blocks in a simple straight line
- Correct techniques for laying blocks
- Ensuring blocks are level, plumb, and aligned
- Ensuring the wall is jointed/pointed for neatness and structural integrity
- Consolidating all previous knowledge, learning how to construct a cavity wall.

## What will the course lead on to?

On completion of the course, you may wish to complete our next tailored learning course, Advanced Bricklaying, or even progress to a fully certified bricklaying qualification. [Click here to view all of the Construction & Trades courses on offer at the college.](#)

## Are there any links with industry and university?

The course is aligned to bricklaying practices and can be your first step towards a career in the construction industry.

## What support is available?

We have a team of staff dedicated to providing learning support if it is required and a Wellbeing Team that are on hand to offer guidance, support and help when needed.

Additionally, eligible students can access a wide range of finance and funding support to help them during their time at college. For personalised advice on funding, please contact our Learner Services Team on 01925 494 400 or email [learner.services@wvr.ac.uk](mailto:learner.services@wvr.ac.uk).

## Why should I choose to study the course at Warrington & Vale Royal College?

Warrington & Vale Royal College offers a welcoming learning environment with modern facilities, ample on-site parking, and expert tuition from knowledgeable and supportive staff. Whether you're just starting out or looking to develop new skills, we're here to help you succeed.

95% of students rate the teaching on their courses as good and 96% of students said they receive good support from their tutor. This makes for an excellent learning environment for our students to progress at a pace that suits them.

## What are the entry requirements?

There are no formal entry requirements for this part time adult course.

## Are there any additional costs associated with the course?

You will need to purchase a pair of steel toe-capped boots to allow for safe working in the workshop environment.
