

INTRODUCTION TO BASIC MOTOR VEHICLE MAINTENANCE - BASIC VEHICLE CHECKS

Subject Area
Student Type
Study Mode

Motor Vehicle
Adults
Part Time

What is the course about?

This course will provide a good foundational knowledge of DIY basic car maintenance. It's ideal if you are looking to learn about servicing vehicles at home, or are considering a career change as a mechanic.

Taught in our Motor Vehicle Workshop, a variety of topics will be covered through practical demonstrations followed by the opportunity to practice yourself with support from the tutor and your classmates.

Please note, you will require a strong pair of shoes or boots to protect your toes.

Why should I choose the course?

You should choose this course if you are interested in learning more about basic car maintenance - whether it be to do jobs on your own car(s) or to explore the possibility of entering the mechanic profession. This course is a great first step and offers a solid foundation for motor vehicle maintenance, developing a range of hand-skills and knowledge.

What will I learn?

Over the 6 weeks, you will be develop skills and knowledge in the following areas:

- Health and safety
- Removing and replacing lighting components
- Completing vehicle health checks
- Using various tools and equipment.

What will the course lead on to?

On completion of the course, you should be able to complete basic car maintenance tasks yourself. You could also continue your studies on another motor vehicle course at the college, such as [Pre-MOT Checks](#) and [Servicing](#). You may wish to progress to an accredited qualification, like [Level 2 Vehicle Maintenance](#). [Click here to view all of our Motor Vehicle courses for adults.](#)

Are there any links with industry and university?

The tutors are industry experts who can share their experience with you.
