What is the course about?

This short introductory course provides you with an opportunity to gain a range of basic skills and techniques before progressing on to the next steps course to develop your skills further.

Why should I choose the course?

This beginners course is ideal for those with an interest in learning the skills and techniques required to produce their own hand built small ceramics.

What will I learn?

During the course you will learn with demonstrations and make small items using hand-built techniques including:

- Preparing clay
- A range of hand build techniques, coil, and slab building
- Using templates and plaster moulds for coil made items
- Design your own template
- Glazing and finishing techniques including blue, green, and white tin stone.

The course is held in the college's excellent art facilities, which include electric wheels, kilns, and a glaze room.

All materials are provided.

Note: Only items produced at the college during the course will be fired in the kilns.

If you would like more information on the learning outcomes, please email ACLenquiries@wvr.ac.uk

What will the course lead on to?

After completing the short ceramics courses you may wish to study one of our accredited courses to take your skills to the next level. Possible courses you may wish to progress on to include Level 1 Creative Crafts (Ceramics) and Level 2 Creative Crafts (Ceramics).
