

# INTRODUCTION TO DIGITAL PHOTOGRAPHY

Subject Area  
Student Type  
Study Mode

Digital & IT  
Adults  
Part Time

## What is the course about?

This course is suitable for anyone looking to upgrade to a DSLR camera and wanting to test the features, or for those who have a passion for photography and want to expand on existing knowledge of the subject.

## Why should I choose the course?

If you own a DSLR camera and you want to improve on your knowledge to get the best out of your camera, then this course is ideal for you.

## What will I learn?

The course will show you the potential of your own camera and how to access and use the individual features and settings.

Using your DSLR camera, you will learn how to get the most out of your camera using the best settings and experimenting with other photographic equipment.

You will learn how to take a good portrait, how to use multiple settings, how to take pictures in lowlight and much more.

You will be informally assessed by the tutor with the completion of set tasks, and you will have the opportunity to self-assess your weekly progress using an individual learning plan. You will also complete a mini portfolio of handouts.

## What will the course lead on to?

We offer a huge variety of part-time adult courses to help you upskill, secure a promotion, get to university, or even meet new friends. From higher education and professional courses to leisure courses, we will have something right for you. Please contact our Learner Services Team for more information.

## Are there any links with industry and university?

During the course you may meet at another venue to take a range of photographs to enhance your portfolio.

## What support is available?

**Warrington  
& Vale Royal  
College**

Warrington Campus  
Winwick Rd, Warrington WA2 8QA
