

LEVEL 2 CERTIFICATE IN THE PRINCIPLES OF DEMENTIA CARE

Subject Area

Student Type

Study Mode

Health, Social Care & Life Sciences

Adults

Part Time

What is the course about?

The purpose of the Level 2 Certificate in the Principles of Dementia Care, adult course, is to give students specialist knowledge to support their work within the health and social care sectors. Adult students will gain knowledge and understanding by successfully completing the units required.

This adult course will be delivered online, with three sessions in person to carry out practical skills.

Why should I choose the course?

This qualification aims to assist adult students to develop their knowledge and understanding of the principles of caring for those with dementia. It covers areas such as person-centred care, the influence of positive communication methods, issues relating to the use of medication for those with dementia and the importance of providing appropriate activities.

The qualification doesn't infer competence in the work role, but can be used to support the underpinning knowledge and understanding needed for those working in, or towards, a dementia care role.

What will I learn?

Throughout this course you will learn the following:

- Dementia awareness
- The person-centred approach to the care and support of individuals with dementia
- Understand the factors that can influence communication and interaction with individuals who have dementia
- Understand equality, diversity and inclusion in dementia care
- Understand the administration of medication to individuals with dementia using a person-centred approach
- Understand behaviour in the context of dementia
- Understand the benefits of engaging in activities in social care.

What will the course lead on to?

This qualification provides adult students with a pathway to further study at Level 2 or 3 through the College's Health & Social Care Academy. To view all available courses, click here <https://wvr.ac.uk/facilities/health-social-care-academy>
