## What is the course about?

This level 2 course aims to improve business performance through continuous professional development. This fully online qualification will help you understand the concept of a lean environment and its benefits, as well as how to implement a productivity needs analysis and develop an understanding of what makes an effective team.

## Why should I choose the course?

This qualification supports the development of knowledge and understanding in business improvement techniques across a wide variety of industries and sectors. It's ideal for employees working in areas where the need for improvements to quality, processes and costs has been identified.

## What will I learn?

This course covers a range of topics, including:

- Gaining understanding of the concept of a lean environment
- Learning how to implement a productivity needs analysis
- Learning about continuous improvement techniques and the principles and techniques of workplace organisation
- Understanding what makes an effective team
- Understanding what makes an effective team leader.

## What will the course lead on to?

If you are already employed within the business sector or hope to be in the future, this course will boost your skills and make a valuable addition to your CV. If you wish to study further, you can explore other course options on our website. For more information, contact our Learner Services Team on 01925 494400 or [learner.services@wvr.ac.uk](mailto:learner.services@wvr.ac.uk).

## What support is available?

We have a team of staff dedicated to providing learning support if required, as well as a Welfare Team that is on hand to offer guidance, support and help when needed. Additionally, eligible students can access a wide range of finance and funding support to help them during their time at college.
