What is the course about?

The Level 3 Certificate in Social Prescribing is aimed primarily at those working within or looking to move to a role where elements of social prescribing are used as part of their work within the healthcare sector.

During the course learners will broaden their skills and knowledge in social health and well-being work and to support individuals to access services in the community that are appropriate to their needs.

It will provide key content in the following areas related to social prescribing environments:

- delivering community-based solutions
- offering vulnerable adults holistic support
- managing caseloads
- micro-commissioning

measuring outcomes to improve support mechanisms

Why should I choose the course?

This course will help you to gain a role within social prescribing and will ensure you have the skills, knowledge and behaviours in order to fulfil the role.

What will I learn?

Units include:

- Delivering community-based solutions through social prescribing
- Measuring outcomes and improving support mechanisms
- Structures and cultures within communities
- The principles and theory of social prescribing.

What will the course lead on to?

It will support learners who are beginning their journey towards a career involving Social Prescribing, or those who already work within the role.
